Exercise, socialize, and cuddle? _____ Dogs____, Cats____, Both____?

- We need volunteers to drop by and walk a dog, take them to the play yard for a game of fetch, brush, or just sit with them and for cuddle time.
- To visit our cats and play with them, brush or just sit with them for cuddle time.

Volunteers can drop by any day between 11am and 2:30pm.

Volunteer an evening shelter shift?

Our animals need nightly care before bedtime. A shift takes about two hours depending on how many animals are being housed. A shift runs every Sunday to Saturday, generally from 7:30pm -9:30pm, summer hours are from 8pm -10pm.

It's a great opportunity for you and a friend or family member to share your passion for animals and to spend some time together.

A shift involves walking all dogs, replenishing food and water, scooping litters, tidying up and of course and especially, play and cuddle time. You may have to administer medication.

Training involves, simply, working alongside an employee or experienced volunteer until you feel confident you can handle a shift on your own.

You can choose one evening shift a week or one evening shift every second week. It's very important that we are notified in advance if you cannot make your shift. We are very flexible if you need to switch a shift for any reason, if notified in advance.

Would you prefer to help in other ways?
